

Professional Retinoscope

Optimised for outstanding performance with either a Streak or Spot halogen beam with a simple bulb change. Plus the new LED Professional Streak Retinoscope is now available!

Choice of illumination

Choose between 600 lux of brilliant halogen illumination or the new LED Retinoscope. Whichever you choose, the Professional guarantees you enough light to refract even the most difficult eyes.

New LED Professional Streak Retinoscope

Gives you better contrast, image quality and longer battery life.

Neutralisation check (Patented)

The only Retinoscope allowing rapid confirmation of neutralisation. You can change the beam from divergent to convergent enabling you to cross check the accuracy of the neutral point, guaranteeing the assessment is correct every time.

Precision magnetic control (Patented)

Improved 360° access to a single control for both rotation and convergence adjustments. The precision movements are achieved by use of rare earth magnet technology.

Two position aperture

A simple finger movement allows a choice of 4mm or 1.7mm aperture to optimise brightness or resolution of the retinal reflex.
